

A Message from Suzanne Stell

Shelton is making plans to open its doors for the first day of school in Fall 2020 at our new campus. In the event of restrictions and guidelines imposed on schools in the fall for the safety of all, we want to assure you of the following:

- Our model of learning in *The Shelton Way* will remain constant.
- The management of classes and all activities will be guided first and foremost by the health and safety of our students and staff. We will follow all governmental guidelines as we examine the best practices for every aspect of campus life.
- We have established a Think Tank to analyze what has worked and what needs improvement with distance learning. We are refining our systems for when we physically gather again on our campus, blending the best of traditional and innovative models of educational delivery.
- An expansive campus with many indoor and outdoor gathering spots will allow us more options to practice safe social distancing. Creative scheduling options are being considered as information regarding school openings is received and analyzed.
- We will continually re-envision our scenarios based on information, reputable data and collaboration with local, regional, state, national and international networks.

Our auction theme of *Re-envision 20/20* has certainly become a fitting mantra. We have always had students, teachers and leaders who think outside the box and this is a time, more than ever, that this creativity will boldly bring us to a new beginning. We are Shelton Chargers. We will exude the *Shelton Spirit* and embrace change with confidence and optimism as we start a new chapter in the life of Shelton.

We realize you will have many questions as a parent. We will continue to communicate with you as new information becomes available. Thank you for your support and partnership as we move forward.

To Our Class of 2020

It was so much fun to see you drive through our parking lot last Friday. What a great Shred Day, and how proud we were to share in your excitement about your next educational plans. We have also been delighted to recognize and celebrate with you through your special Fine Arts and Athletics banquets. We look forward to other celebrations for you this next week.

Gratefully,

Suzanne Stell
Executive Director
